Number of Indians shown on June 30, 1916, census	...	1,039
Births and additions - 1917	32
Total	1,101
Total number of deaths - 1917	26
Total number now enrolled	1,105

The 1917 Census compiled by Maggie Harden, Interpreter for the Examiner of Inheritance, Joseph Coursey; Hugh Hunter, Chief of Police, Winnebago Agency, and Paul Land, Winnebago Agency, Assistant Clerk.

The letters in the relationship column indicate the following:

H.F.	means	Has family or rather Head of Family
MOT	"	Married outside of Tribe
BHS	"	By Himself or herself
MWW	"	Married to Wisconsin-Winnebago Indians

As per Indian Office instructions, the census is made up under heads of families. An Indian's name will not always be found in the alphabetical order which would most naturally be expected but ordinarily appears under the name of some relative or with whom the Indian lives. This applies to unmarried Indians. The head of the family is usually in alphabetical order as far as practicable.

Among the births; there has been added some names that were inadvertently omitted from last years' census.

Dear Sir;

I have the honor to transmit herewith Census

MWW. " -----Married to Wisconsin-Winnebag Indian.</p> <p>As per office instructions, the census is made up under heads of families. This applies to unmarried Indians.</p> <p>The head of the family is in alphabetical order as far as possible.</p>
